VECTOR WIREFRAMING KIT

Hey there, thanks for downloading this vector kit, I hope it comes in handy. There must be a ton of assets that are missing from this set, so please send your suggestions to heidi@designforfounders.com and I'll try to include it in the next release.

That means that you can make adaptations, share, or use for commercial projects, as long as I get credited. You can even build on it and sell it, but please don't sell it as-is.
